EDUCATION

9/2023 - 10/2024

IBM (INTERNATIONAL BUSINESS MACHINES CORPORATION)

COMPUTER SCIENCE/INFORMATION

DevOps and Software Engineering Professional Certificate

9/2023 - 12/2023

GOOGLE CLOUD

Artificial intelligence

Technology solutions, how to use and apply AI to work are provided by google

8/2020 - 8/2023

CAO THANG TECHNICAL COLLEGE

COMPUTER SCIENCE/ INFORMATION TECHNOLOGY

learned more than they taught

SKILLS

Unity skills - Medium level

Skilled in using the Unity installation tool. Unity is a cross-platform game engine developed by Unity Technologies. Rate myself as average as I have consolidated for a while using Unity and using many of its features

Ren'Py skills - Good Level

Use almost all the features of Ren'py. game-making application. Ren'py is a programming language and development environment used primarily for creating visual note games. rate yourself at a good level because it's a relatively simple app and it will take no more than 6 hours to learn how to use the full app

Generative AI- beginner Level

Can use many types of Generative image AI but the best are still Midjourney and DALL-E. Use the standard command prompt to give precise instructions to the AI to create new images.

Writting skill - confident

Confident with writing skills and artistic sense. Can write scripts, stories, poems... according to the desired intentions and art. And can write all kinds of reports, clear documentation, annotations, and good presentations

Communication skills -confident

Confidence in communication. Polite, careful, confident enough to present, communicate, speak, present ideas... Avoid mistakes in communication

Flame-Engine skills - beginner

Flame-Engine is an extended version of Flame that provides more powerful features for 2D game development on Flutter. Flame-Engine is an extended version of Flame that provides more powerful features for 2D game development on Flutter (Phone Application Programming Platform).

PROJECTS

Unity Game Racing

(January 2023 - Now)

Name of customer	Tran Ngoc Hai
Description project	Build a racing game using Unity, single player or multiplayer
Your team size	3
Your position in project	Leader, Coder,
Your responsibility in project	All arising work
Link	https://www.youtube.com/watch?v=NpJ-CnSPRPw&;list=PLKFaeO_Lu0V7m-XDxFA1qOLOoZg62Avob&index=4

Flutter Quiz Game

(January 2023 - March 2023)

Name of customer	Tran Anh Khoa
Description project	Build a math quiz game, single-player or multiplayer on your phone, coding with Flutter
Your team size	3
Your position in project	Leader, Coder,
Your responsibility in project	All arising work
Link	https://github.com/tranngochaisd/MasterMath

Unity Game survival

(January 2023 - Now)

Name of customer	Tran Ngoc Hai
Description project	Build a Dungeon survival game using Unity, single-player
Your team size	3
Your position in project	Leader, Coder,
Your responsibility in project	All arising work
Link	https://www.youtube.com/watch?v=vUAazbPlTgA&;list=PLKFaeO_Lu0V7m-XDxFA1qOLOoZg62Avob&index=5

SHAPE

(June 2022 - Now)

Name of customer	Luong Minh Hien
Description project	Build a basic visual puzzle game. Using simple elements, music brings a feeling of healing and peace
Your team size	3 - 10
Your position in project	Partner, mentor
Your responsibility in project	Consulting, Ideating, giving advice...
